RE: Update on Water Situation

Public Water Connections

As of July 7, 2017:

- 21 properties have been connected to public water.
- 22 properties have been authorized for connection
- 11 private wells have been abandoned

Costner Filtration Project

Roof trusses have been installed and weather proofed. The air stripper line was tied into the new clear well.

ANG Cooperative Agreement Reimbursements

The Township has received \$1,203,477.80 in reimbursements from the Air National Guard (ANG) in conjunction with our Cooperative Agreement (CA) to date. We are currently preparing to submit an additional reimbursement request for approximately \$1.3 million. Therefore, we have approximately \$3.3 million remaining in funding from our CA. There is approximately \$10.6 million worth of work remaining to be performed taking into account the most recent Amendment to our CA which increased the Scope of Work without providing the necessary additional \$7.6 million in funding. We have not received additional contact from the ANG concerning the status of the necessary additional \$7.6 million in funding since my last report.

I will be sure to provide additional updates as there are updates to provide.

Thank you!
